Environmental Stewardship Programs

CONTINUING BILTMORE'S HERITAGE OF SUSTAINABILITY

In following the Vanderbilts' leadership in environmental stewardship and conservation of our natural resources, Biltmore is proud to promote the following options for your events:

- ◇ Estate-raised meats and seasonal vegetables and herbs from our greenhouses are used in our restaurants.
- ◇ In addition to estate provisions, we source many of our ingredients from sustainable farmers and artisans in the area.
- ◇ We are happy to prepare organic menus. Our coffee is organic and fair-trade.
- ◇ Bulk containers for snacks and water in order to reduce the amount of disposables are available.
- ◇ We offer sustainable meeting room options such as pencils from recycled sources, recycled tablet paper, and dry erase boards.
- ◇ Donation of event florals to local retirement homes as well as the donation of food when appropriate can be arranged.

Our daily estate operations feature a number of sustainable practices, including:

- ◇ Near the Winery, a nine-acre, 1.7 megawatt system that includes more than 7,000 solar panels helps offset estate energy usage.
- ◇ Adapting best management practices in agriculture including crop rotation, soil sampling, no-till farming, cover crops, and pollinator strips.
- ◇ Our Sporting Clays School uses biodegradable targets and steel shot.
- ◇ We partner with the Cork Forest Conservation Alliance, a non-profit organization committed to recycling natural corks. Wine cork recycling bins are located throughout the estate.
- ◇ We collect spent cooking oil from our restaurants for processing into biodiesel fuel that powers a portion of our trucks and farm equipment.
- ◇ Our corporate philanthropy program proudly supports Habitat for Humanity, MANNA FoodBank, and Mountain Housing Opportunities.
- ◇ Biltmore is a certified Monarch Waystation. Numerous species of milkweed and wildflowers have been planted, serving as nectar sources for butterflies and other pollinators.
