# *A Legacy of Learning*

## EXPERIENTIAL PROGRAMS AND OFFERINGS

When George Vanderbilt opened Biltmore House to family and friends in 1895, he started a tradition of gracious hospitality and lifelong learning that continues today.

George Vanderbilt was a lifelong learner; he collected some 23,000 books for his Library in Biltmore House. He also collected thousands of antiques and beautiful works of art.

George and Edith Vanderbilt believed that education was key to helping communities become self-sufficient. They sponsored adult literacy classes and founded Biltmore Estate Industries, which created jobs and improved economic conditions for many people.

Discover the rich and diverse program of studies we offer you and the members of your group—an experiential way of learning that’s educational, fun, and exciting.

### *Agriculture & Farming*

George Vanderbilt envisioned a self-sufficient estate. Discover that vision through our Field-to-Table Program and West Side Agriculture Tour. Led by practitioners in their field, these programs will give insight to your students and their studies.

### *Gracious Hospitality*

Our service philosophy and award-winning culinary style draw thousands of guests each year. See how our Food & Beverage operation, Village Hotel on Biltmore Estate®, and The Inn on Biltmore Estate® earn their world-class status.
